Cures Old Sores, Other Remedies Won't Cure. The worst cases, no matter how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00

\$1,000,000.00 FOR A NEW STOMACH

It is said that one of America's best known multi-millionaires—a man who ruined his digestion in the pursuit of wealth—stated that he would pay a million dollars for a new stomach.

But, while surgeons have become very skillful in performing operations that were once considered impossible, nobody has stepped forward and offered to sell his stomach to that millionaire. Your stomach is worth more than a million dollars to you. It is LIFE to you.

This millionaire's stomach is so ruined by abuse that it can never be made "as good as new" by any medicine. But YOUR stomach, if properly aided NOW can be restored to its normal condition.

If YOU suffer from indigestion, "heartburn," gas in stomach, foul breath, sense of fullness after eating, sour stomach, and will not NOW instead of delaying longer, you can get PROMPT relief.

DR. THACHER'S Liver and Blood Syrup

It will set your stomach right, and do it quickly. It will stimulate and regulate your liver, which supplies bile to the stomach. It will thus provide the stomach with JUST WHAT IT NEEDS in order to do its wonderful work of digestion more perfectly.

It will lubricate your bowels, and cause them to move naturally and gently. It will get your whole digestive "workshop" into working order, cleanse it, oil up the "machinery," strengthen it—and you'll be AMAZED by the change.

Your appetite will improve. Food will taste GOOD to you. There will be no more discomfort or pain. You'll feel STRONGER. Life will be better worth the living.

DO IT NOW—give your stomach the relief it is calling for, before you are like the millionaire, whose stomach is now BEYOND REPAIR. Dealers sell 50c and \$1.00 bottles. THACHER MEDICINE COMPANY, Chattanooga, Tennessee.

For Sale By FRED C. TRACY, Beaver, Oklahoma.

TIMELY SUGGESTIONS FOR FARMERS' CONSIDERATION.

HORSE SENSE.
Don't sell good work stock because the price seems high. You will likely have to pay more later for animals to replace them, and the quality may not be so good.

The breeding season is here, what kind of sires are you going to patronize? You can breed to the scrub sire for from \$5 to \$8 and raise colts that will sell at from \$75 to \$100 or you can pay \$15 to \$20 for the services of a first class pure bred draft sire and raise colts that will sell for \$120 to \$300 and they will be ready for market a year earlier than the scrub colts. The saving in service price is more than made up in the less time you have to keep the well bred colts and the real profit in using the pure bred sire over the scrub sire is from 100 per cent to 300 per cent, think and figure a little before patronizing anything but a high class pure bred draft sire.

The farm tractor is a good thing, but good draft mares well cared for and

bred to good draft sires furnishes the safest and also the cheapest farm power. If they are properly managed they will do all the farm work and raise a colt worth a hundred dollars at weaning time, and this will easily furnish you your farm power free.

BEEF AND DAIRY CATTLE NOTES

If you are growing beef cattle remember that it costs the same to raise a scrub yearling that sells at from \$20 to \$30 as it does to raise a good grade that sells at from \$50 to \$75. Which kind are you raising?

The average butter production of Oklahoma cows is about 120 lbs annually, barely enough to pay their feed bills leaving no pay for the labor of caring for them and doing the milking. Up to the present time two Ayrshire cows, seven Jerseys, ten Guernseys, and twenty-one Holstein-Friesians have produced over 1000 pounds of butter each in one year's time, and some of them have duplicated these records for several years, and have shown no tendency to weakened constitutions, in fact with only exception these cows are regular breeders. May Rima Champion Guernsey cow and world record holder was recently dethroned by Murne Cowan another Guernsey. Their records were 1247 and 1263 pounds respectively of butter in one year, but the ink is hardly dry from announcing Murne Cowan's record when a Holstein tested under the supervision of the A. & M. College of New Jersey beats Murne Cowan's record and produces 1283 pounds of butter, and another New Jersey Holstein cow, Mabel Sigis Korudyske made an official record of 5 pounds of butter fat equivalent to 5 1/2 pounds of butter in one day.

One good dairy cow properly cared for and bred to a good dairy sire and her produce intelligently handled for ten years will pay for a good farm with the dairy products sold and leave a dairy herd on hand worth more than the best 100 acres in the panhandle of Oklahoma.

SHEEP NOTES.

No animal on the farm will return a higher net profit on the amount invested than a flock of good sheep, and if there were as many sheep in the Panhandle of Oklahoma as there should be farmers here would have no cause to complain about Russian Thistles tearing down their fences for the sheep would take care of the thistles in a way to make them a paying weed while they lasted at least. With the thistle under control there would be no excuse for not raising hogs, as the only excuse our farmers make now is that the thistles prevent woven wire fences. I would not expect our farmers to do everything at once, but live-stock farming is the solution of the farmers' problems in the Panhandle counties, and the sooner we get started right in this business the better. The days of the scrub is numbered whether it be horses, cows, hogs, sheep or poultry. There is no excuse for them to exist any longer than it takes to eliminate them. It will not take many years to eradicate the scrub if we but use pure bred sires to head our flocks and herds.

If one farmer or even a half dozen farmers cannot buy the quality needed in a sire then organize a co-operative society with a dozen or more farmers, enough to make use of the entire services of a pure bred sire and begin at the foundation and build up.

If you cannot buy a registered cow, buy a registered heifer and with good care in a few years you can have a registered herd, even by using pure sires only in six crosses you have a strain that is 98 1/2 per cent pure. Remember the up-to-date farmers' motto: "The Best is none too good" and get the best your means will permit, and if that is not the highest quality in the beginning as fast as your means permit increase the quality as well as the quantity of your live stock and make your own market for all crops except your wheat, and in case the price of wheat is not what it should be or near the dollar mark feed it and return the bulk of the plant food back to the soil where it belongs.

The barn-yard manure from the dairy yard is worth from \$12 to \$18 per cow per year. The manure from the horse barn is worth from \$15 to \$20 per horse per year, and the manure from the sheep and poultry pens is worth quite a good deal more per ton than the horse manure.

Nine-tenths of the farmers in the Panhandle leave their manure in piles in the lots and in the barns, causing the scratches and Grease-Heel among the horses, dirty filthy cows and unhealthy milk, as well as furnishing the only breeding places for flies.

It is not enough for farmers to raise flies to aggravate his stock and make it impossible for him to keep them in good condition. They carry the Typhoid germ, the Tuberculosis germ, the Cholera Infantum germ, and other disease germs to the house and give these diseases to members of the family, and cause the larger per cent of all the deaths on the farm. The answer I receive when I ask farmers why they allow these things is, nine times out of ten, "I don't have enough manure to justify buying a manure spreader and it is too hard a job to haul out and spread by hand."

WAR HAS BEGUN IN OUR STATE

It is Now Believed that Within a Few Years Pellagra and Hook Worm Diseases Can be Wiped Out of the South.

From the continuous hundreds of enquiries being received by Dr. W. J. McCrary to give his Free Diagnosis to Pellagra and Hook Worm sufferers, it is believed that these dreadful diseases can be entirely wiped out of the South in a few years. The great campaign will go on until every sufferer has had an opportunity to take advantage of Dr. McCrary's wonderful work. The announcement of the campaign appearing in this paper last week, will have started the great relief work for our community, and in every State in the South and in every community Dr. McCrary will carry his message to cure forever the cases of pellagra and hook worm that have ruined the health and happiness of homes and placed a blight upon the great Southern country. If you read this article and know of what may be cases of pellagra or hook worm in the family of your relatives or friends, you will be doing a never-to-be-forgotten favor to such sufferers to send in their name on the coupon given below. Health is the greatest asset of any people—without it, life is indeed a misery. Read here what one of Dr. McCrary's patients say of his treatment. He has hundreds of these:

Brilliant, Ala., March 4, 1915.
"My wife is 38 years old, and oh! my! I did not know what to do, but I was told to go to Dr. McCrary, that he could cure pellagra. I was not acquainted with the doctor, having just moved into this neighborhood, but I thank God I found what I was looking for—a cure for wife's pellagra. Her skin was dark and rough, mouth sore and red—but she commenced to improve from the very first and is now in good health. I would say to anyone who may see this in print, that has pellagra, don't hesitate, but get the treatment at once."
S. G. WALKER.

Send me particulars of your Free Diagnosis for Pellagra and Hook Worm sufferers.

Postoffice _____
State _____

Cut out this entire coupon and fill in your name and address plainly, and mail your enquiry to

Dr. W. J. McCrary, Pellagra and Hook Worm Remedies, Inc., BOX 72, CARBON HILL, ALA.

The solution is keep more live stock, use the manure spreader, spread the manure as fast as made, never allow it to accumulate. If one farmer cannot afford to buy a manure spreader three or four can and save enough on a week's work to pay for the spreader. How do I know? I have been using one for several years and it more than pays for itself each year.

So I say if you expect to prosper as you should, get better live stock, get more live stock, head the manure out, fill up all the wallows in the hog lot, allow no filthy water to stand in the poultry yards, keep sanitary out-houses, raise healthy children, raise the most of your living at home, have the home nice and attractive so the boys and girls will be proud to stay at home and begin to fill the position for which an Allwise Creator made you—a real home builder.

E. M. JACKSON, County Agent.

Notice of Settlement of Account.

State of Oklahoma, Beaver County, ss.

In the County Court.

In the matter of the Estate of Nancy Grosh, Deceased.

Notice is hereby given that J. H. Campbell, the duly appointed administrator of the estate of Nancy Grosh, deceased, has rendered and presented for settlement and filed in said Court his final account and report of his administration as such administrator, and his petition for distribution of said estate, and for his discharge; and that Friday, the 30th day of April, 1915, being a day of the regular term of court, to-wit, of the March term, A. D. 1915, at 9 o'clock A. M., at the County Court room in the city of Beaver in said county of Beaver has been duly appointed by the court, for the settlement of said account, and for hearing said petition, at which time and place any person interested in said estate may appear and file exceptions in writing to the account and contest the same.

In testimony whereof, I have hereunto set my hand and affixed the seal of said court, this 8th day of April, 1915.

Dr. Burke's Catarrh Remedy

A Truly Scientific Catarrh Cure—Backed by Personal Guarantee of Dr. Chas. L. Burke, the Eminent Catarrh Specialist

Clean—Sanitary—Pleasantly Perfumed—Delightful to Use—Gives Instant Relief

Clears Head Like Magic.

Makes Breathing Easy and Natural—Insures Sound, Refreshing Sleep.

No More Restless Nights—No Coughing, Sneezing, Itching, Nostrils, etc.

Identically same formula used regularly by Dr. Burke in his private practice, having successfully cured thousands of Catarrh cases.

Result of 30 Years Study and Experience.

Dr. Burke's Catarrh Remedy contains no cocaine, morphine, or any other injurious or habit forming drug. The treatment consists of a fine white powder—so fine that when a small quantity is "puffed" into the nose it forms a thin, vapor-like spray, which coats the nasal passage, soothing the inflamed membrane and allaying inflammation.

Sore throat, catarrhal deafness and other catarrhal symptoms—a preventive against Bronchitis, Hay Fever and even Consumption.

A Guaranteed Catarrh Cure offered at a nominal cost, easily within the reach of all catarrh sufferers.

Write today for free booklet on "Catarrh and its Cures" and copy of legal backing guarantee.
